

Summer 2010

Dear Classics Members,

We are pleased to announce that the 14th Annual Handmade Quilt Project will be donated to the Voluntary Action Center of DeKalb County (VAC).

VAC's mission is to serve the transportation and nutritional needs of the community with services including public buses, rides to medical appointments and rides for the elderly and disabled. Programs like Meals on Wheels and Senior Luncheons provide social contact and nutritional meals. VAC supports the needs of the members of the community by ensuring the health and wellness of those who require their services.

"Classics Northwoods Star" is the name that has been chosen for the quilt that is hand stitched by our team of dedicated volunteers. The volunteers are: Rita Goodwin, Doris Hoard, Marvel Larson, Sadie Lunn, Louise Olson, Ruthann Parrish and Dorothy Smith.

Several of our volunteers have worked on the quilting projects from the beginning. This year's quilt features a lovely combination of blocks in dark green and terra cotta with brilliant starbursts of marbled yellow and is the perfect gift for any quilt lover.

If you are interested in learning how to quilt by hand or already know how and would like to put in a few stitches, you are welcome to join us. Stop by the Classics room at the Bethany Road location any Thursday morning from 9:00 a.m. – 11:00 a.m.

Tickets for the quilt are available now at any of our 7 branches and at the Voluntary Action Center. The cost per ticket is \$1.00 or six for \$5.00.

Please remember that we are here at Resource Bank to help you with your banking needs, insurance for auto, health, home and life, investments, retirement planning, and trust services. It is our pleasure to assist you any way that we can.

Sincerely,

Nancy J Burmeister  
Manager of the Classics

### Classics Tips

#### **Stay Cool All Season Long**

The best time to make plans for avoiding the promised heat of summer is before that heat has arrived.

1. The ocean, lake, pool - One of the best ways to bring body temperature down is to submerge in cool water. Know your spots & be ready for the season.

2. Casino Day Tours - A great tip for summer fun is to check out nearby casinos. Casinos are great spots to visit in the midst of a heat wave. Most are wide open spaces with plenty of moving air. Not only can you be cool and comfortable you have the bonus of really being able to move around. Casinos provide lots of things to do. They have lots of great shopping and dining options.

3. Movie Time - If you run into a long heat wave, you may want to consider breaking the monotony by a trip to a nearby movie theater. Now is a good time to check in to any special ticket offers that are available through your auto club or activity center.

4. Museums - When you think of a cool indoor site you may not immediately think of a museum, but if there is one near you it's worth checking out. Museums are typically climate controlled & maintain a year round temperature that is a nice contrast from the heat that may be in full force.

The best advice for planning summer fun is to think about summer now. Survey your area for water spots, casinos, movie & museum deals and you should be ready to beat the heat & enjoy the season.
